Grounds Management Officer,
Commercial Services,
West Wiltshire District Council,
Bradley Road,
Trowbridge,
Wiltshire. BA14 0RD

19th February, 2002.

Dear Sir,

Re: Grounds maintenance, Winsley village 2002/3.

The Parish Council would be grateful if you would quote for grounds maintenance for the year 2002/3 in the following areas:

Village Garden (Village hall surrounds)	twelve cuts per year
Family recreation area (Whitehorse Road)	twelve cuts per year
Northfield playing field	twelve cuts per year
Grassed area at the end of Northfield	twelve cuts per year
Dorothy House football field	fifteen cuts per year

Please confirm a guarantee within the quotation that any contract agreed would be fulfilled in accordance with the contract specification and that there would not be any significant variation to the specification without prior agreement.

Please do not hesitate to contact me if you require further information.

Yours faithfully,

David Gardiner.
Clerk to the Parish Council.

26th May 2001

Dear Stephen

re: Grass Cutting in Winsley

Further to our discussion yesterday, I am enclosing a map showing the Areas of grass for which the District Council is contracted to cut (shown in yellow)

The specification is as follows:-

Village Garden (Village Hall Surrounds)	twelve cuts per year
Family Recreation Area (Whitehorse Road)	twelve cuts per year
Northfield Playing Field	twelve cuts per year
Dorothy House Football Field	fifteen cuts per year

The Parish Council is currently in discussion with the County Council regarding the possibility of taking over responsibility for the maintenance of the small area of grass at the end of Northfield adjacent to the Northfield playing field. This area is currently maintained by the District Council under a 'three cuts per year' contact, however if the Parish Council were to take over responsibility it would want the area to be maintained on the same schedule as the adjoining Playing Field ie:-

Grassed Area at the end of Northfield	twelve cuts per year

When you have had a chance to consider the information could you please discuss your conclusions with the Chairman. In the meantime, if you require any further information, please contact me.

Yours sincerely

David Schweizer
Clerk to the Parish Council

25th April 2001

Dear Mr Janes

Highway grass cutting in Winsley

Further to our recent telephone conversation, the Parish Council is pleased to learn that agreement has been reached with the District Council to enable the grass verges within the Parish to continue to be cut during this Financial year.

It is understood that the present arrangement is for one year only, and that you are currently assessing the situation in order to put arrangements in place for future years. The Parish Council would welcome the opportunity to be involved in the assessment and is prepared to discuss with the County Council how it may help the Highways Authority to meet it's obligations.

Attached to this letter is a schedule of Highways grass areas which it is understood the County Council has been paying the District Council to cut on it's behalf. Beside each area are comments which the Parish Council hopes you will find both useful and helpful in making your assessments.

If you require any further information please do not hesitate to contact me

Yours sincerely

David Schweizer

Clerk to the Parish Council

HIGHWAYS GRASS AREAS IN WINSLEY PARISH CUT UNDER CONTRACT BY WEST WILTSHIRE DISTRICT COUNCIL

2001

DESCRIPTION	AREA	COMMENTS
Tyning Road to top of Dane Rise	6066 sq.m.	Comprises of several parcels of land including three visibility splays onto the bypass, and a number of areas of high amenity value. The area between the Mead and Broomground, together with the area between Broomground and across the end of Fieldins are of particular visual amenity. (The Tyning Road cul de sac area has been cut by one of the residents for at least 20 years.) The Dane Rise and Tyning Road visibility splays, and the area between them, are important both from a safety and amenity perspective. The large visibility splay opposite Dane Rise is of lesser amenity value as it adjoins farmland. (The Dane Rise visibility splay is currently being cut at the same time as the Housing Trust Land on the Dane Rise estate.)
Crossways Path	888 sq.m.	This is the original protected route for the bypass, now an official public footpath with a high amenity value. There would appear to be no highway safety issues related to this area.
Saxon Way	45 sq.m.	Small piece of grass - high amenity value
Broomground	43 sq.m.	Small piece of grass - high amenity value
Bradford Road	43 sq.m.	As far as the Parish Council is awarem, any grass cut on the Bradford Road within the village is being cut by adjoining landowners
Late Broads/ Winsley Bypass	525 sq.m.	Visibility splays on either side of the Bypass - The Late Broads junction is of greater importance both for it's high amenity value and traffic safety. (The Vinegar Path side has been cut for the past few years by one of the residents.) The area adjacent to Church Farm is of less importance as it adjoins farmland and has better visibility because of the road configuration. (This area has been cut by the farmer for at least the last ten years.)
Northfield	1100 sq.m. *	This area is used by the Parish Council under licence as a children's recreation field and the Parish Council have been paying the District Council to cut the grass for at least the past twenty years. *

8th October 2000

Dear Sir

Re: Contract for Grass cutting in Winsley

The Parish Council is currently in discussion with the County Council regarding the possibility of taking over responsibility for the maintenance of the small area of grass at the end of Northfield adjacent to the Northfield playing field. It is understood that this area is currently maintained by the District Council under a 'three cuts per year' contact.

If the Parish Council were to take over responsibility it would want the area to maintained on the same schedule as the adjoining Playing Field and would therefore be grateful if the District Council could submit a quotation based upon the current contract for the cutting of grass within the village as follows:-

Village Garden (Village Hall Surrounds)	twelve cuts per year
Family Recreation Area (Whitehorse Road)	twelve cuts per year
Northfield Playing Field	twelve cuts per year
Grassed Area at the end of Northfield	twelve cuts per year
Dorothy House Football Field	fifteen cuts per year

If you require any further information please do not hesitate to contact me.

Yours sincerely

David Schweizer

Mr. D. Davis,
Environmental Services Manager,
Direct Works Services,
West Wiltshire District Council,
Bradley Road,
TROWBRIDGE. BA14 ORD

Dear Mr. Davis,

Grounds Maintenance 1997/8

The Parish Council would be grateful if you could quote for Grounds Maintenance for the year 1997/8 in the following areas:-

Area 1 - Northfield/Saxon Way
Area 2 - White Horse/Lydieth Way
Area 3 - Bowling Green Surround
Area 4 - Winsley House Football Field

In your quotation it would be appreciated if you could show the frequency of cuts.

Yours sincerely,

1995/6 contract

Please ask for: M. Wilson | Telephone: (0225) 771694 | Reference: MJS/MW/TD/OBP/066

Dear Sir/Madam

Grounds Maintenance for 1993/1994

I have arrangements in hand for the continued maintenance of your grounds for the forthcoming year (April 1993 to March 1994). This work will be carried out in accordance with the specifications, standards of work and frequencies of operation as previously provided.

It is regretted that this year's price review has resulted in charges being increased at a greater rate than the inflation level. It was found to be uneconomic to continue providing these services to you at the previous years prices.

As a consequence, I am able to offer these services as follows:

	1993/4	1992/3
Northfield/Saxon Way	£ 493.96	204.66
Whitehorse Road/Lydieth Court	£ 366.46	151.86
Bowling Club Area	£ 144.37	59.73
	1004.79	416.25

prices exclude VAT.

Invoicing will be carried out on a similar basis/frequency to that agreed for previous years.

Would you please complete and return the attached proforma by Friday 11th December 1992, in order that the work may be included in our 1993/1994 Work Schedules.

Should you have any queries regarding this quotation or our Grounds Maintenance and Landscaping Work services, please do not hesitate in contacting Mr. M. Wilson on the above telephone number.

Yours faithfully [redacted]

M.J. Smith
Grounds Service Manager
W.D.S.

too low in the past - they are not trying to re-coup this but the above is the correct price for the work in 1993/4

Winsley Parish Clerk

Hello Selina

Robin Davies has passed a request to me for possible comment on the grassed area at the end Northfield.
We have lived at [redacted] Tyning Road since August 1967. At that time the Tyning Park Estate was just starting construction .This phase saw a large number of young couples arrive and subsequently a very lively mix of children growing up together.
Our children made good use of that piece of land as a play area from about 1975 to 1985. Children were playing there long after ours stopped.
The land was used for all sorts of games such as football and makeshift cycle/go cart track. Families came and went, and the land continued in use as a play area. Goal posts were installed, and new goal posts again recently.
As this land has been maintained by Wiltshire County Council and Winsley Parish Council we were very surprised to learn that it was not owned by Winsley Parish and could be lost.
In conclusion it would be a great shame to lose a piece of land that has been, and still is, extremely beneficial to local children.

Regards

[redacted]

Mike Denbury

23/3/21

p s. I have attached a copy of Parish Council Papers referring to the land as 'Playing field'. You may find this interesting as I believe someone in the Parish Council is trying to trace reference to this as a playing field.

23rd July 1983

COMPLETION OF WINSLEY BYPASS

Dear Mike

In October 1982 you gave your support to a petition against the proposed Route C for the completion of the Winsley Bypass. We were able to ascertain the views of over 1,050 of those on the Parish Electoral Roll (nearly 80% of the total electorate) and of those 852 signed the petition stating that "Route C could not provide a satisfactory completion to the bypass for the community: it is destructive and unacceptable". In spite of this strong support from the parish, the Parish Council have not taken account of the petition. Furthermore, at their meeting in November 1982, the County Council Highways Sub Committee voted in favour of adopting Route C, so disregarding the petition signed by a large majority of the village and accepting instead the Parish Council's view.

Application has now been made for Planning Permission for Route C. The Wiltshire County Council have asked for any objections to the granting of Planning Permission to be made by 15th August 1983. I would be very grateful if you would once again add your support to our attempts to oppose this unsuitable and dangerous route by writing to:

The County Secretary and Solicitor,
County Hall,
Trowbridge

to reach him not later than 15th August.

You may remember that the main objections to Route C (see attached map) are as follows:-

a. It leads to serious new safety problems which do not exist at present. The main ones are:-

(1). The route passes through a small built-up area where pedestrian flow will be concentrated and where cars from adjoining houses will have to cross the main flow of traffic. This is made more serious by the possibly slippery road surface in this area caused by farm vehicles and cattle. The remainder of the bypass passes clear of the built up area, has negligible cross traffic, and no houses with direct access onto it.

(2). Visibility along the bypass will be restricted near the roundabout because of the bend in the road. Traffic joining the bypass at the roundabout will be invisible to traffic leaving [redacted] Bradford Road and [redacted] and [redacted] Ashley Lane until it is less than the 'minimum stopping distance' away. Further visibility problems are likely to be caused by stationary traffic in this area (e.g. postman, milkman, dustman, and other parked vehicles) and traffic from restricted accesses (e.g. [redacted] Bradford Road and [redacted] Ashley Lane) which may have to reverse out onto the bypass.

(3). Traffic flow along Tyning Road and Northfield is likely to increase because of the number of people joining the bypass at this northern end. This will cause an additional risk to children who could run out onto the road from open plan gardens and pavements, particularly as the morning peak period coincides with the time that many young children are walking unescorted to the Primary School. Fast traffic on the bypass will be very close to the northern end of these roads; there is a possibility that children could easily wander from them onto the bypass.

b. It does not solve Winsley's traffic problems: It merely moves the congestion from one end of the village to the other. Increased traffic flow in the future will make the problems even worse. Several houses will have frontal access onto the bypass; crossing traffic and stationary vehicles visiting these houses will restrict the ability of the road to carry the required traffic flow. The new road may therefore be inadequate to carry future traffic flow in peak periods.

c. The October 1982 petition indicates that this route is opposed by over 80% of the electors in the parish.

d. It does considerable damage to several properties and harms the environment of an otherwise attractive village. In particular:-

(1). The garden of [redacted] Ashley Lane would be cut in two, leaving most of it the far side of the bypass.

(2). The new road would come 27ft from [redacted] Ashley Lane, 15ft from [redacted] Ashley Lane, and 10ft from [redacted] These houses (and also, to a lesser extent, [redacted] and [redacted] Ashley Lane, and houses at the northern end of Northfield) will suffer noise, fumes and vibration which might cause permanent structural damage.

(3). The childrens' playing field at the north end of Northfield (one of only two in the village) would be lost.

(4). Many mature trees will have to be cut down to make way for the route.

e. There is a better, safer and more sensible route (Route B) which passes along the boundary of the village, not through a built up area, so keeping traffic away from where people live.

If you do write to the County Council (and I hope you will), may I suggest that you concentrate on one of the above points only in your letter, rather than covering them all. If you would like to discuss Route C before you write, please telephone me. I will be very pleased to come and see you.

...../

If you do not wish to compose a letter of your own, we have prepared a standard letter of objection and I have attached a copy of this for your consideration. Obviously, it will carry more weight if you copy this out yourself rather than send in the duplicated copy.

In either case, I will be pleased to arrange for delivery of your letter to County Hall if you would like me to do so. Please let me know and I will collect it. Alternatively, please deliver it to me at my house.

Yours very sincerely,

[redacted]

WILTSHIRE COUNTY COUNCIL

ROUTE 'C'

SCALES

reference: EWJ/ENV/PC.263(5)

The County Secretary and Solicitor,
County Hall,
Trowbridge

Dear Sir,

Completion of Winsley Bypass

I wish to object to the adoption of the proposed Route C for the completion of the eastern end of the Winsley Bypass. I have studied the proposals and consider that this route is unsatisfactory for the following reasons and that Planning Permission for it should not be granted:

a). It brings serious new road safety problems, particularly for pedestrians (who will have to cross the road where visibility is restricted and where traffic flow is complicated) and for residents of houses close to the roundabout (who will have difficulty in entering and leaving their drives safely).

b). Construction of Route C will move the traffic congestion from one end of the village to the other; it will not solve the present traffic problems.

c). It is wrong to route a bypass through a built up area when this could be avoided.

d). The petition in October 1982 showed clearly that 80% of the electors do not want this route.

e). The route does considerable environmental damage to the village, coming much too close to several houses and taking away one of only two playing fields.

f). Route B is a better, safer, and much more sensible route.

Yours faithfully,

Evidence Questionnaire for a Town and Village Green Application

Evidence Form based on that produced by the Open Spaces Society

When completing the form:

1. You should fill in the form for yourself / your household and sign it at the end.
2. If you are completing the form for your household, please indicate how many adults and children you are responding on behalf of.
3. Please answer all questions, indicating 'don't know' if appropriate.
4. If you need more room for any answers, please continue at the bottom of the form or on an additional sheet, marking the number of the question(s) clearly. Please include your name on any additional sheets.
