**Sent:** 29/07/2025 08:40:22

---

Hi Ali

I have no problem with the proposal the historical route has lost its appeal with the vegetation adjoining it over the years being removed it was not particularly nice mostly elder and Hazel. The historical route gets overgrown and has a few rabbit holes in it so the riders much prefer the diverted route. Also the diversion it takes the route away from the house and garden which long term is a much better arrangement.

Thanks

Stephen
