[REDACTED]  
Dear Ali,

As a local resident I regularly use the footpaths surrounding the area of Mudlane/Restrop Farm.

I am in support of the proposed changes as it means that my walk feels more “rural” as I am not walking past someone’s property and garden. Restrop farm is a Working Farm and therefore there is often very large and heavy farm machinery entering and exiting the farm entrance, it feels far safer using the proposed route rather than the existing “right of way”. Therefore I am completely supportive of the proposal’s.

*Jamie*
